ANN LeTORT SCHOOL

This new elementary school is located on a 12 acre plot about two miles west of Millersville on the road leading to Ament's Hardware Store and the village of Letort. The first unit of this building contains six regular classrooms, a kindergarten room, a Special Education room, an all - purpose room -- which includes a kitchen, a health room, a principal's office, a faculty room, an elementary school supervisor's office, a music room, a number of storage rooms, and a covered out - door play area. Basic facilities have been provided so that additional six-room units may be added as they are needed.

Since this new school is located near the village of Letort it is appropriately named the Ann LeTort School in honor of Ann LeTort, the first Christian white woman to settle in Lancaster County in the wilderness known as the Conestoga Indian country near the site of the school. About 1686 Captain Jaques LeTort, accompanied by his wife, Ann, and son, Jaques, Jr., left France for London. The LeTorts arrived in Penna. , were established on the banks of the Conestoga about 1690, and started trading with the Indians. Later Captain Jaques returned to England but was captured by the French.

Ann LeTort, left alone in the cabin with her son, had no word from her husband for several years. She and her son traded with the Indians at Conestoga (near the present village of Letort) until about 1719. A year later the gallant old lady was dead. Letters of administration for her estate list a considerable stock of trade goods.

This site was selected because it is centrally located in Manor Township and, hence, is readily accessible for the overflow pupils from Central Manor, Creswell and Hambright Schools. Extra transportation can be reduced to a minimum.

Preparation of preliminary plans and specifications was begun on October 8, 1958, and contracts were awarded on November 20, 1959. Construction was begun December 14, 1959, and the building was completed about November 7, 1960.

On February 22, 1961, therefore, the Manor Union School District and the Elementary School Authority of Manor Township are able to present the new Ann LeTort School.
