

Kids at Work Day

Friday, February 11th, 2022

Construction Worker **Athlete** **Dental Hygienist**

Retail Manager **Vet** **Artist** **Fashion Designer**

Chef **Entrepreneur** **Teacher** **Firefighter**

As a way to promote career exploration and awareness with our elementary students, the Penn Manor elementary schools are planning a special day across the district.

On Friday, February 11th, 2022 students will be invited to wear clothing that represents careers that they may be interested in exploring as an adult. For example, your child may come dressed as a construction worker, a doctor, a teacher, etc. Please make sure that your child's clothing is appropriate for a day of learning and wouldn't distract other students in his/her classroom. As an added component to the Kids at Work Day, teachers and staff will be wearing their college, military, trade school, or past/present career attire.

Our hope is that Kids at Work Day will be a great way to start conversations at home and at school about different types of careers, why someone chooses a career, and what kind of training/schooling is needed to get started in a particular career.

The Penn Manor Elementary School Counselors would like to thank you in advance for your support of Kids at Work Day. If you have any questions, please contact your school counselor.

Sincerely,

The Elementary School Counselors
