## **INSTRUCTORS**

The instructors bring with them a great wealth of knowledge and experience refined by years of teaching this program.

## **FEE**

The fee for this program is \$160, which covers the cost of instruction and an excellent workbook. Payment may be made by cash, check (payable to York College of PA), Visa, Discover or MasterCard.

## **WORKBOOK**

An excellent workbook is provided with the tuition cost. This workbook contains many examples of the types of questions that will be on the SAT. Students will review many of these problems during class, but are also strongly encouraged to complete more of them while at home between sessions. This provides a strong learning experience. Any questions that arise can be addressed at the next session.

## **REFUND POLICY**

No refunds are made for noncredit courses. To withdraw officially, students must contact the Office of Community Education prior to the first night of class.

## **CLASS CANCELLATION AND EMERGENCIES**

In time of snow, severe storm, or other emergencies, official word on the cancellation of classes will be broadcast over WSBA 910AM/WARM 103FM radio.

## **REGISTRATION**

To register, complete the enclosed form and mail to: Office of Community Education, York College of Pennsylvania, York, PA 17403-3651.

## **FOR FURTHER INFORMATION**

Contact the Office of Community Education at (717) 815-1451 or email: [oced@ycp.edu](mailto:oced@ycp.edu).

This five-evening course reviews the necessary skills assessed as important to **the Critical Reading, Writing, and Math portions** of the SAT. In addition, participants will have the opportunity to become familiar with the SAT format through sample questions and practice. Participants are strongly encouraged to attend each session and do the homework that is suggested.

### Critical Reading/Writing Skills

- Test Taking Principles
- Paragraph Length Reading
- Critical Reading Skills
- Identify Relationships
- Cause & Effect
- Comparative Arguments
- Rhetorical Devices

### Math Skills

- Building Confidence in Math Skills
- Components of the Math Section
- Strategies for Improving Math Skills
- Number & Operations
- Algebra I, II & Functions
- Geometry; Statistics
- Probability & Data Analysis

## COURSE OBJECTIVE

At the conclusion of this focused course, participants should be:

- Familiar with the SAT format
- Able to read and interpret mathematical instructions
- Able to read and understand what is presented
- Able to understand the SAT evaluation process
- Able to approach the SAT with more confidence
- More prepared to successfully complete the SAT

**NOTE:** *Please bring a calculator along to all classes.*
