

**A class you don't want to fail ...**

# **DRUGS 101: WHAT PARENTS NEED TO KNOW**

**October 1, 2014**

**Penn Manor High School Auditorium**

6:30 – 6:45 p.m. – Pre-Registration/Viewing of Bedroom

6:45 – 8:30 p.m. – Presentation

*Free Program! For Adults Only.*

*Drugs 101: What Parents Need to Know* seeks to educate parents about the various forms of drugs and the peer pressures facing students to use them.

A mock bedroom of a teenager serves as the backdrop to the two hour presentation. Parents will enter a mock bedroom that has been set up to resemble a teenage drug user's room. Parents are asked to identify drug and alcohol paraphernalia items that are placed within the bedroom.

Throughout the presentation, more than 80 trendy drug and alcohol indicators will be unveiled to show how some adolescents hide drug and alcohol use from their parents.

Signs, symptoms and current trends of alcohol, tobacco, inhalants, heroin, prescription drugs, and marijuana will also be presented. Throughout the program "live" role playing demonstrations will occur to help parents initiate conversations with their child and to show parents ways they can help their child beat peer pressure.

**Pre-registration is required.**
