

Heroin: A Community Conversation IN MILLERSVILLE

Drug overdose deaths in the county have more than tripled in the last four years, in large part due to the heroin scourge which plagues every local community. Last year, more than 2500 Pennsylvanians died of drug overdose.

The Lancaster County Anti-Heroin Task Force is working to combat the heroin epidemic in our community. We invite you to come join our kick-off event on:

Grace United Methodist Church

[Monday, May 2nd at 7pm]

[163 W. Frederick Street, Millersville, PA 17551]

The mission of the Task Force and Community Forums is to:

- Reduce heroin-related deaths
- Promote education on addictions devastating impact
- Provide access to resources and treatment options combating substance abuse
- Provide support to families and those affected by addiction

Please join us in our community's response to the heroin epidemic.

This project was supported by PCCD Subgrant #26176, awarded by the Pennsylvania Commission on Crime and Delinquency (PCCD).
