

**HIGH SCHOOL
STUDENTS**

**JUNE 22-24, 2022
9 A.M. - 1:30 P.M.**

Join the A-TEAM!

(AVIATION - Technicians, Engineers, Aviators, and Mechanics)

We are looking for high school students who want to explore exciting careers in aviation.

This industry is welcoming the next generation of skilled young persons who will use science, technology, engineering, and math in aviation. This growing sector offers challenging and well-paid careers for pilots, mechanics, engineers, air traffic controllers, and many others.

At our A-TEAM summer camp, students will enjoy a unique hands-on experience at Lancaster Airport, hosted by EMU at Lancaster, Aero-Tech Services, Inc., and the Lancaster STEM Alliance.

Interested students entering grades 9 through 12 should submit 1-3 paragraphs on why they want to attend. Please share this with young persons who will benefit from this three-day hands-on experience!

Cost: Free

Lunch will be provided.

Applications due: May 16

Students will be notified: May 26
