

Engineering SUMMER ACADEMY

DISCOVER INNOVATIONS IN ENGINEERING
IMPACTING THE WORLD

ACADEMY SCHOLARSHIPS AVAILABLE!

*(Indicate financial need
on the Application Form).*

Join Us

Rising High School Juniors and Seniors are invited to to apply for the Elizabethtown College Engineering Summer Academy. The multi-day program takes place on the College's beautiful 204-acre campus where students will use engineering, creativity, and scientific innovation to explore the Grand Challenges for Engineering in the 21st Century. Through this program you will learn about many different engineering career paths, all while continuing to develop skills in problem-solving, critical thinking and teamwork. Topics we'll explore include: urban infrastructure, sustainable energy solutions, biomedical devices, reverse engineering, and water purification technology.

What's Included:

PROGRAM TUITION

MATERIALS

MEALS

Transportation to and from campus must be provided.
